

KGS Clients

- **Department of Defense (DoD)**
 - Defense Logistics Agency (DLA)
 - TRICARE Management Activity (TMA)
 - Defense Threat Reduction Agency (DTRA)
 - Defense Advanced Research Projects Agency (DARPA)
 - U.S. Marine Corps (USMC)
 - Chemical & Biological Defense Program (CBDP)
 - Defense Contract Management Agency (DCMA)
 - Defense Information Systems Agency (DISA)
 - Defense Supply Center Richmond (DSCR)
 - Missile Defense Agency (MDA)
 - Naval Air Systems Command (NAVAIR)
 - Naval Sea Systems Command (NAVSEA)
 - Naval Supply Systems Command (NAVSUP)
 - U.S. Navy (USN)
 - U.S. Army RDECOM-STTC
 - U.S. Air Force Office of Scientific Research
 - U.S. Air Force Research Laboratory
 - U.S. Air Force Surgeon General
- **Department of Homeland Security (DHS)**
 - U.S. Coast Guard (USCG)
 - Customs and Border Protection (CBP)
 - Immigration and Customs Enforcement (ICE)
 - U.S. Citizenship and Immigration Services (USCIS)
 - Enterprise Data Management Office (EDMO)
 - U.S. Visitor and Immigrant Status Indicator Technology (US-VISIT) Program
- **Other Federal Agencies**
 - Department of Veterans Affairs (VA)
 - Intelligence Community (IC)
 - Department of Education (ED)
 - Department of Housing and Urban Development (HUD)
 - Architect of the Capitol (AOC)

To learn more about the comprehensive suite of services Kforce Government Solutions offers, please call (703) 245-7350 or visit us online at www.kforcegov.com

RESEARCH AND DEVELOPMENT (R&D) SOLUTIONS

From radar technologies to trauma care simulators, missile defense to artificial intelligence, the expert Kforce Government Solutions (KGS) staff provides unparalleled technical support to the unique requirements of public sector research and development programs. Some examples of projects include:

- Trauma Training Simulator for US Army Medics and Civilian Paramedics
- Anthropomorphic Test Devices for Non-Lethal Weapons
- Tools for Coordinating Ballistic Missile Defense Sensors and Operations
- Cognitive Systems Engineering for Intelligence Analysts, Image Interpreters, MASINT Analysts and Missile Defense Operators
- Artificial Intelligence for USAF Sensor Tasking
- AFOSR Moving Target Indicator Radar Tasking, Exploitation and Engineering Tools
- MASINT Vehicle Recognition Research

KGS creates and implements integrated and enduring solutions to resolve our clients' most complex challenges. The Research and Development division engineers and builds breakthrough solutions that advance science and engineering, turning ideas to solve problems into fully operational technologies and products that achieve mission objectives.

KGS R&D is headquartered in Atlanta, Georgia.
POC: Dr. Thomas Bevan, tbevan@kforcegov.com

END-TO-END INTEGRATED SOLUTIONS

The KGS R&D solutions team delivers expertise in systems engineering, human factors engineering, cognitive systems engineering and biopsychology system applications. We provide state of the art technologies for a broad array of complex business challenges. Our R&D team has distinguished itself in the areas of remote sensing, intelligence, physiological research, chemical/biological warfare countermeasures and weapons systems.

Human Factors

- Cognitive Systems Analysis/Engineering (CSE)
- Cognitive Task Analysis (CTA) & Knowledge Capture
- Man-Machine Cognitive Interface Design
- Instructional Systems Design for Training and Education

Biopsychology Systems

- Anthropomorphic Devices for Testing and Training
- Physiological Modeling of Human Systems
- Behavioral Effects of Stress
- Chemical / Biological Warfare Countermeasures & Weapon Systems
- Behavioral Effects of Pharmacological Agents
- Healthcare Research

Systems Engineering

- Requirements, System Concept Development & Rapid Prototyping
- Sensor Systems Engineering and Image (Sensor) Chain Analysis
- Remote Sensing, GIS
- Space Systems and Avionics
- ISR Integration
- Artificial Intelligence Systems for Improved TPED and NTISR
- Test and Evaluation

Subject Matter Expertise

- FDA Approval of New Drugs and Devices
- CBRNE Emergency Response
- Homeland Security and Defense

About Us

Kforce Government Solutions (KGS) offers state-of-the-market, leading-edge solutions and services that combine the certainty of process maturity with extensive technical and domain knowledge built on insights gained over decades of government experience.

Our service offerings include Financial Management & Accounting Solutions; Enterprise Technology Solutions; Professional & Technical Solutions; Healthcare Informatics; and Research & Development, all with the added value of partnering with our clients to enable them to operate as “data confident” organizations.

KGS is a wholly-owned subsidiary of Kforce, Inc. (NASDAQ: KFRC), a national publicly-held professional staffing firm with 63 offices in 41 markets. KGS is a premier provider of government IT and healthcare technology solutions as well as a market leader in financial management compliance and audit readiness.

Headquartered in Fairfax, Virginia, KGS has combined technical and business acumen to deliver value-added solutions to the Federal Government since 1970.
