## KGS – Where Knowledge Generates Solutions

TAMPA, FL – (April 1, 2009) – Kforce Inc. (NASDAQ: KFRC), a professional staffing and solutions firm, today announced that Kforce Government Solutions (KGS) and dNovus RDI have successfully integrated their capabilities to provide a full spectrum of solutions and services to large government enterprises. The merged entity will operate as KGS and provide the following capabilities:

- *Enterprise Technology Solutions*, providing extensive capabilities supporting all aspects of the systems development and sustainment life-cycle, including expertise in infrastructure operations, data management, advanced software development, systems integration, help desk/service desk support and hardware/software administration.
- *Financial Management and Accounting Solutions*, providing comprehensive solutions support to assist federal agencies in improving their financial posture, achieving audit readiness, and gaining confidence in their financial data.
- *Healthcare Informatics*, providing systems engineering, database/system administration and software process improvement, Health Insurance Portability and Accountability Act of 1996 (HIPAA) compliance assessments vital to healthcare security, and proven competence in critical healthcare systems where "zero defect" software is a mission critical requirement.
- *Knowledge Sciences Solutions*, providing clients with a roadmap to Data Confidence<sup>®</sup> - our proprietary KGS methodology for delivering ready access to current, complete, relevant, trusted data and information for timely, informed decision-making.
- *Professional and Technical Solutions*, managing and protecting customer's information by providing them with innovative, "best of breed" cyber security, network operations, information assurance, and business performance improvement solutions.
- *Research & Development*, providing customers with breakthrough technologies and research and development expertise in systems engineering, human factors engineering, cognitive systems engineering and biopsychology system applications that deliver innovative solutions in specialized areas including remote sensing, intelligence, physiological research, chemical/biological warfare countermeasures and weapons systems design.

Among KGS' primary customers are the Department of Veterans Affairs (VA), Department of Education (ED), Department of Homeland Security (DHS), U.S. Air Force (USAF), U.S. Army (USA), U.S. Marine Corps (USMC), other Department of Defense (DoD) organizations and civil agencies.

“This merger allows us to leverage the significant strengths and synergies between KGS and dNovus to advance our commitment to growing our federal government solutions and services business,” said David Dunkel, Chairman and Chief Executive Officer, Kforce Inc. “KGS has consistently been a strong performer and now, with the added depth of expertise brought by dNovus, we believe we are positioned for strong growth in the future.”

Added KGS President Larry Grant: “Combining the unique strengths of KGS and dNovus allows us to expand the leading-edge and innovative solutions and services we provide to our government clients. We believe it is another stepping stone in our goal to achieve our vision of being a leader in client satisfaction and growth in the federal government services and solutions sector by providing the scale, expertise, and market footprint needed to continue to drive organic growth.”

Glen Shaffer (MGen USAF Ret), Executive Vice President, KGS commented: “Everything about this acquisition and merger has been positive. All of us from legacy dNovus have felt welcomed since day one and we are seeing the strengths of our new team take effect very quickly. I could not be more excited about our future.”

KGS has been serving federal, state and local government clients since 1970. Headquartered in Fairfax, VA with offices in San Antonio, TX and Tampa, FL, KGS has more than 750 associates supporting government clients in 20 states.
